How to Send an Outgoing Referral:
One of the easiest ways to start generating income and building your client base is through outgoing referrals. You’re not just a local agent; through our broker network, you can market yourself to everyone you know as a national agent.

It’s so simple - just click the link, enter client information, and submit the form when completed!

Save the link to the outgoing form in your smart phones. Our easy, online form is always available, so when you’re on the go you can still make that ea$y money!

Program 800-417-6270 into your cell as “Outgoing” so you are always able to call your outgoing referral specialist should you have any questions.

Here’s How You Get Paid:
The referral fee charged is always 25%, per our contract with the Cartus Broker Network.

Referral Fee Collected - 25% • 12.5% goes to Cartus • Remaining 12.5% split 90% to agent, 10% to branch office*

*Please Note: You must send all referrals through the relocation department if they are outside our market area. If outgoing referrals are not placed correctly, it will impact the agent payout. The split will be reduced from 90% to 40%. We never want you to lose any dollars, so please be sure to send all outgoing referrals through the relocation department. Make the ea$y money!
